

SQUAW VALLEY USA

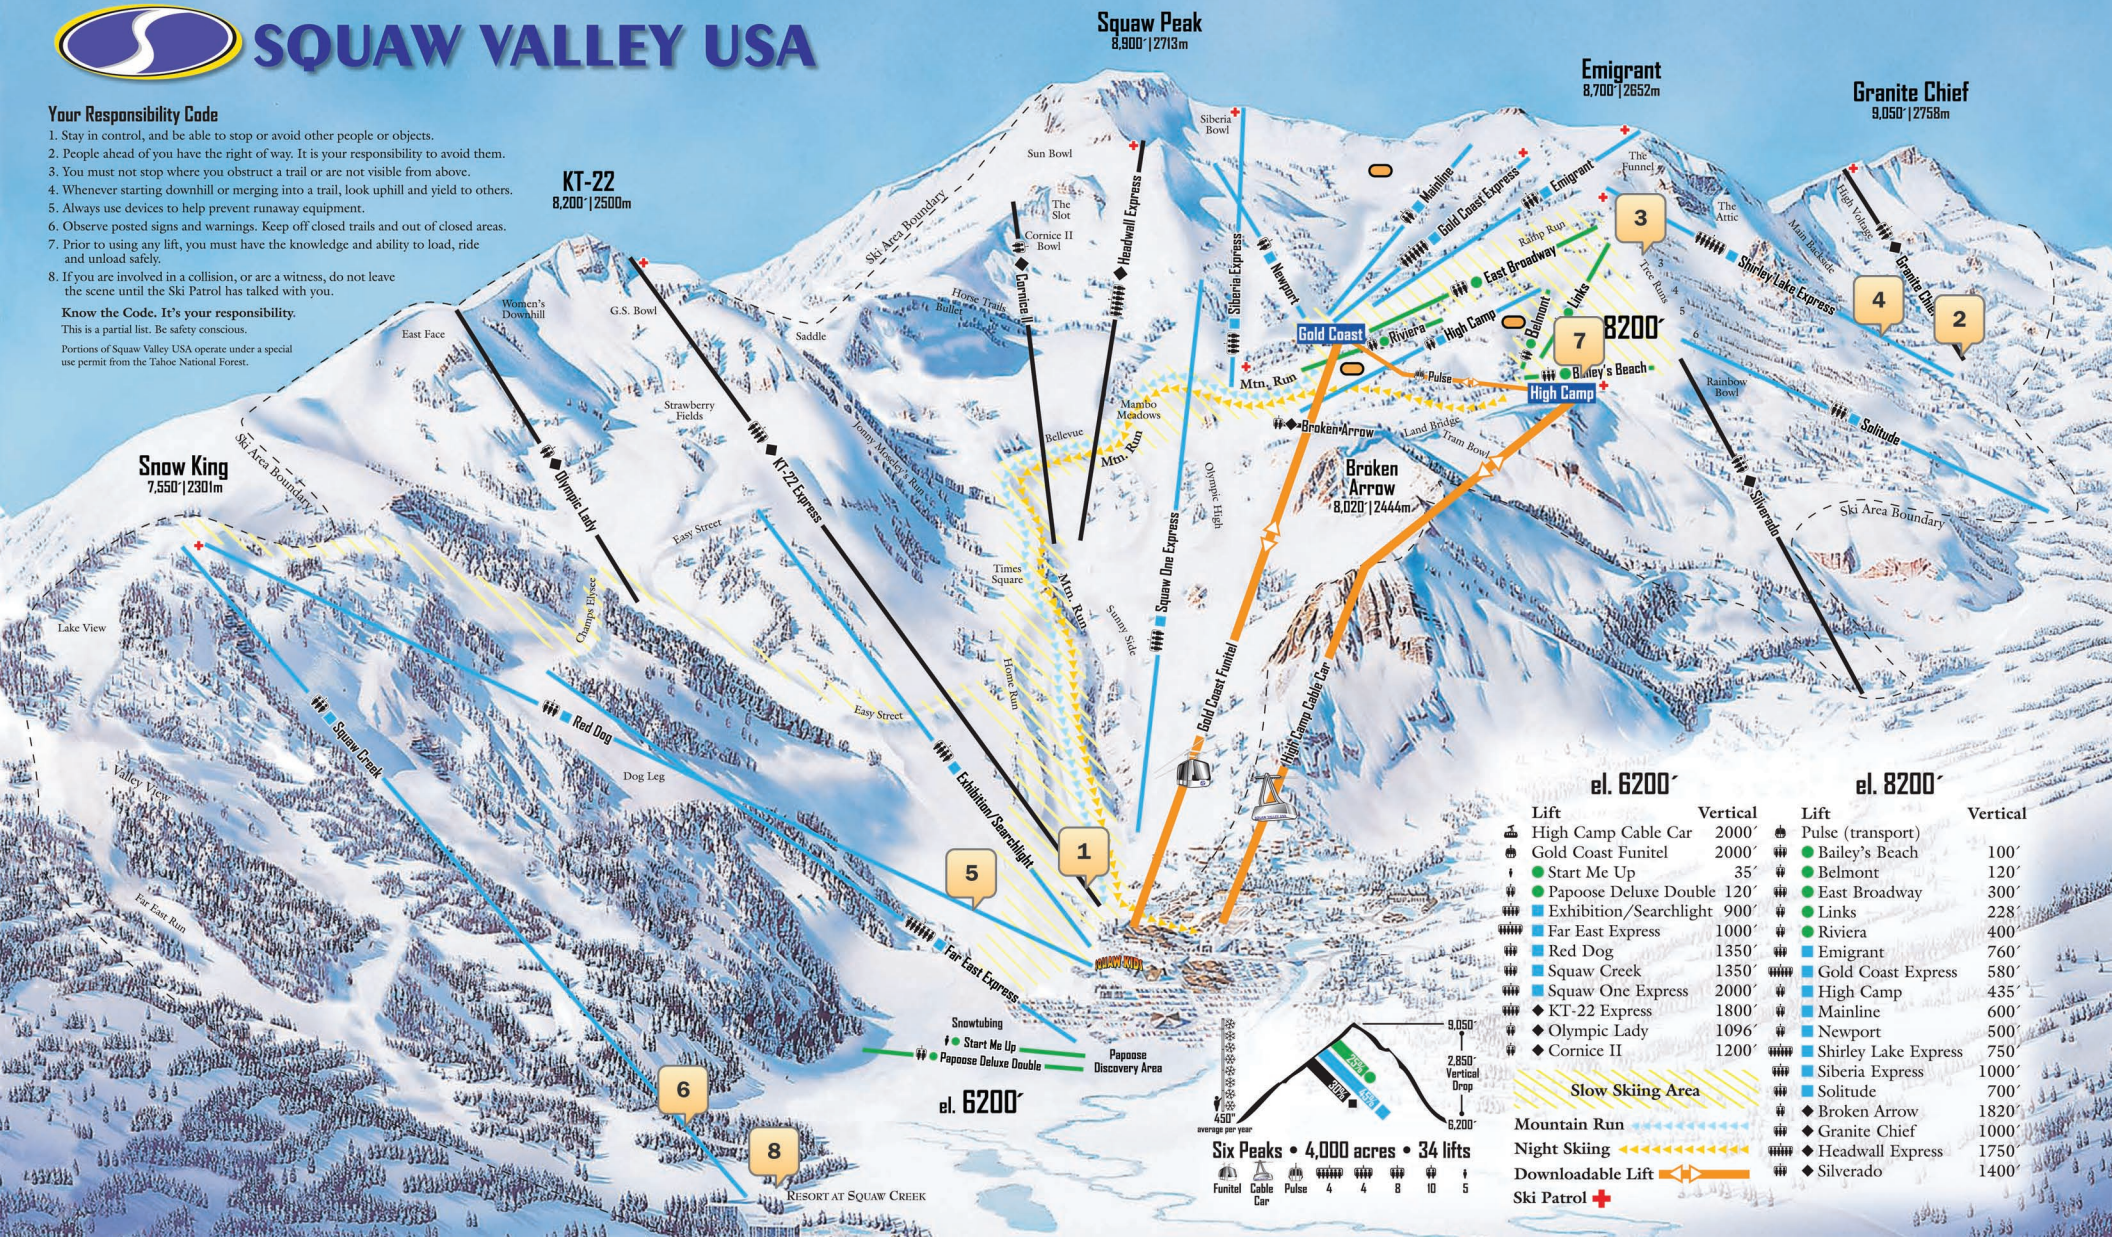

Your Responsibility Code

1. Stay in control, and be able to stop or avoid other people or objects.
2. People ahead of you have the right of way. It is your responsibility to avoid them.
3. You must not stop where you obstruct a trail or are not visible from above.
4. Whenever starting downhill or merging into a trail, look uphill and yield to others.
5. Always use devices to help prevent runaway equipment.
6. Observe posted signs and warnings. Keep off closed trails and out of closed areas.
7. Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.
8. If you are involved in a collision, or are a witness, do not leave the scene until the Ski Patrol has talked with you.

Know the Code. It's your responsibility.

This is a partial list. Be safety conscious.

Portions of Squaw Valley USA operate under a special use permit from the Tahoe National Forest.
